

Flowers with Great Impact! **BRASSICA**

Impressive rosettes add color,
texture and modern appeal

Also known as Ornamental Kale, Brassica's ruffled rosettes of decorative leaves are rich with texture and vibrant color on very sturdy, long stems.

COLOR: Leaf colors can vary from shades of green to cream or purple - and feature finely serrated or ruffled edges.

SIZE: Brassica adds weight and girth to arrangements with hefty blooms in big bunches on 24" stem lengths.

BUNCHES: Standard bunch size 5 stems. Also available as 3 stem Consumer Bunches.

HISTORY: Native to Europe. Related species include cauliflower, Brussels sprouts, kohlrabi and broccoli. Ours are NOT edible!

CARE & HANDLING: Upon arrival cut stems and place into a clean container with fresh, tepid water with fresh flower food solution. Remove any foliage below the water. Keep in cool location out of direct sunlight and drafts. Change water every 3 days.
